Cooker/Kettle LIFELONG Multi Function - 1.5 l

Egg Boiling, fruit and Vegetable steaming, and brew soup, make it conveniently with precise temperature settings in a matter of minutes with Lifelong Multi-cooker. A great appliance if you need to cook smaller quantities of food.

The automatic cut off feature cuts off the power supply, when the temperature inside exceeds the desired levels. It protects the appliance from damage, making it safe and improves its lifespan as well. After cut off, it goes into keep warm mode, which will keep the water in hot condition.

Swivel power base allows you to plug it in any direction with desired jug handle position. Contact point will source power, only when kettle is placed on it. The kettle is detachable from its power base for convenient usage and portability.

Warranty - 1 Years
