## **Egg Boiler/Poacher LIFELONG Automatic Turn Off - 500 W**

Just add the required quantity of water and select the mode. The appliance will automatically turn off.

For the convenience of the user, the appliance comes with advanced safety function like auto power off and overheating protection to make the usage easier.

Lifelong egg boilers come with a one-touch operation, which turns off automatically once the eggs are boiled, making it hassle-free and easy to use.

**Warranty - 1 Year**
