 HD Sound Quality

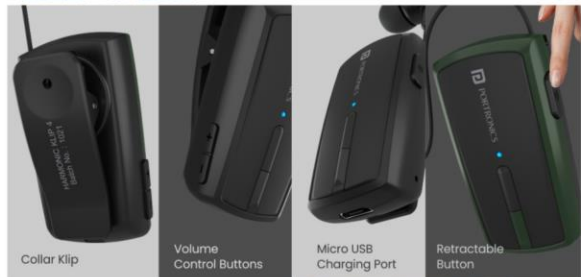

- **In-Built Mic :** You can now take calls from anywhere without even touching your smartphone! This earphone lets you take calls or even reject them seamlessly with the pressing of a single button!
- **Micro USB Port :** The earphone has a micro USB port that allows for convenient charging of the device and makes it extremely compatible. You can plug in the earphone to even older versions of charging tech!
- **Clip and Retractable Function :** The Harmonics Klip 4 has a clip that lets you attach it as a body piece and you can literally carry it anywhere! The best part is that the earbud is connected with a retractable wire that safeguards the ear bud once it is not in use!
- **Vibration Prompt :** If you have any upcoming calls coming your smartphone's way, it gets directed to the earphone and it immediately vibrates. This allows for a snitch free calling experience as the prompt allows for an immediate reaction.
- **9mm Speaker :** The earphone comes with a 9mm speaker that is very unique for its grade of bluetooth earphones and allows for a good listening experience.
- **Comfortable to Wear :** You can wear it for a longer period of time, although it is not advisable to plug into any earphone for longer bouts of time.
- **Operation Distance of 10M :** The earphone has an operation distance of about 10M which makes it perfect in case you are multitasking or have an immediate task to cater to. This feature also allows for mobility while the source device is kept away.
- **Upto 12 Hours Talk Time :** If you have any upcoming long journey, you can surely rely on Harmonics Klip 4 to not give up! The earphone, on a single full charge, can run for about 12 hours and yet not exhaust itself while doing so!
- **Bluetooth 5.1 Version :** Harmonics Klip 4 comes with the latest bluetooth tech that is bluetooth 5.1 and is undoubtedly compatible across all the devices that are bluetooth enabled. This feature allows for its seamless connectivity with devices.
