Earbuds PHILIPS TAT1108 - 15 hr

Product Highlights:

- 15 hours playback. It is 5 hours of playback in the headset and another 10h with the charging case. Many hours of sound to keep up with you all day!
- AI microphone for clearer calls. With an advanced Artificial Intelligence algorithm, this headset provides clearer calls, filtering out unwanted noise and providing a clearer communication experience.
- Dynamic 6mm Drivers Feel the power of sound with 6mm dynamic drivers that deliver powerful and immersive audio.
- Splash resistant with IPX4 protection. Don't worry about splashing water, a little rain or sweat during workouts. The Philips TAT1108 headset is IPX4 rating, ensuring resistance to these conditions.
- Secure and comfortable fit. Designed to fit securely into your ear canals, these headphones offer comfort during long hours of use.

Warranty : 1 year
